

PLANETARY COUNCIL

New System From First Principles

Using elections, viral persuasion tactics and a tongue-in-cheek “bat signal,” Planetary Council proposes coordinated action on climate and other global crises—without campaigns, donors or borders.

NEW SYSTEM

Planetary Council, Ministry of Influencing Public Opinion

Since 1999, the opioid epidemic has killed about 860,000 Americans: 1 in every 400 people alive in the country today. At its peak, that was a full airliner of dead every single day. And it's not only the dead: it's the orphaned children, the broken families, the hollowed-out towns.

A FLORESTA AJUDA A FAZER A PRÓPRIA CHUVA.

Amazônia: água, clima e economia.

1. A CHUVA CHEGA

A umidade vem do mar e vira chuva sobre a floresta.

2. A FLORESTA RECICLA

As árvores devolvem água ao ar. A mesma água pode cair como chuva várias vezes.

3. MENOS FLORESTA, MENOS CHUVA

O desmate enfraquece esse ciclo. Calor e fogo pioram a situação.

Partes da floresta podem ficar mais secas, com vegetação parecida com savana.

E O DINHEIRO?

O que as pessoas compram muda.

As regras e os mercados mudam.

O lucro do gado depende de preços, custos e clima.

Com os incentivos certos, preservar pode dar mais lucro.

Floresta em pé protege a chuva e a economia.

Até uma criança entende!

Votar para derrubar a floresta e aumentar o pasto seria um grande erro.

1 A BRIEF HISTORY

UN PARTITION PLAN

Proposed Jewish and Arab states, with Jerusalem under international administration. Jewish leaders accepted; Arab leaders rejected partition, citing an inequitable division and the Arab majority's right to self-determination.

Could another round of negotiations have offered a better path?

INDEPENDENCE / NAKBA

14 May 1948: Israel declared independence amid war. For Palestinians, the Nakba means mass displacement and dispossession: about 700,000 fled or were expelled.

OCCUPATION

Israel captured the West Bank, East Jerusalem and Gaza. The UN regards these as occupied Palestinian territory.

HAMAS & RADICALISATION

[Designated a terrorist organisation by the US, UK, EU and others.]

its armed campaign centres on the Israeli-Palestinian conflict; its networks extend abroad.

Its **1988** charter called for Israel's destruction. Its **2017** document accepted a Palestinian state on **1967** lines without recognising Israel.

Occupation, dispossession, extremist ideology and repeated violence help explain radicalisation. They do not justify attacks on civilians.

7 OCTOBER 2023

Israel's ensuing Gaza offensive caused mass Palestinian death, displacement and destruction.

WARNINGS BEFORE THE ATTACK

Israeli intelligence held the "Jericho Wall" plan; reporting says officials dismissed it as beyond Hamas's capabilities.

Reported advance warning;
accounts and official denials conflict.

September 2026 reporting alleges a direct warning to Netanyahu. Netanyahu denies it. The UAE used diplomatic language without explicitly confirming or denying the reported warning.

HOW YOUR VOTE BECOMES POWER

Parties need 3.25% of valid votes to enter parliament.

Coalition negotiations determine who can govern.

TWO DIFFERENT QUESTIONS

Which leader and coalition will your party support?

What are its actual policies on diplomacy, Palestinian rights and civilian protection?

Look at policies, records and coalition partners.

20 INDEPENDENTS = BALANCE. POWER TO THE PEOPLE.

WE ENACT:

PROPORTIONAL REPRESENTATION

Fair representation for every voice.

ALL VOTES MATTER

Every vote counts.
Every person counts.

FREEDOM OF SPEECH

Protect and enable free expression for all.

END ANTI-BDS LAWS

End policies that punish peaceful boycotts and free speech.

END MILITARY ALLIANCE WITH GENOCIDAL WAR-MONGERING REGIMES

No more blank checks.
No more endless wars.

AMERICA FIRST

Put American people, jobs, and communities first.

CLIMATE CHANGE ADAPTATION & RESILIENCE

Prepare. Protect.
Build a sustainable future.

A SYSTEM THAT SERVES THE PEOPLE – NOT THE PARTIES.

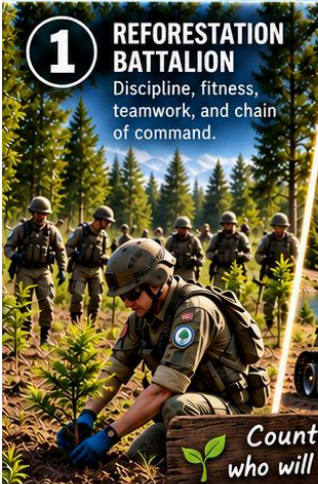

Everywhere: new job for military

We can solve any problem, we cannot solve all the problems all at once.

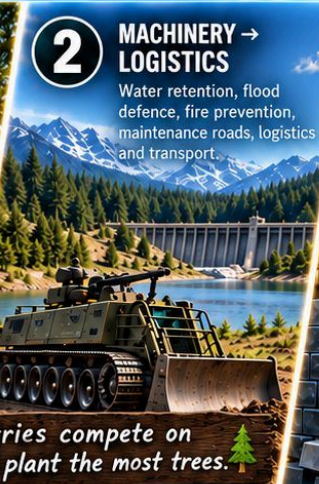

Can we at least agree on the climate? Here is a solution:

GLOBAL PEACE FROM FIRST PRINCIPLES

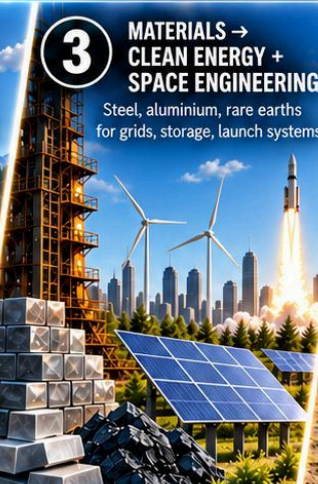

1 REFORESTATION BATTALION
Discipline, fitness, teamwork, and chain of command.

2 MACHINERY → LOGISTICS
Water retention, flood defence, fire prevention, maintenance roads, logistics and transport.

3 MATERIALS → CLEAN ENERGY + SPACE ENGINEERING
Steel, aluminium, rare earths for grids, storage, launch systems.

4 PEACEKEEPING → PROTECTION
The military is here to protect, not to fight.

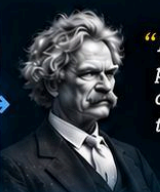

Countries compete on who will plant the most trees.
